- > YOUR I-PACE

THRILLING TO DRIVE, EASY TO LIVE WITH.

Experience the electrifying performance of Jaguar with the benefits and peace of mind that zero tailpipe emissions provide.

RANGE

I-PACE has a range of up to 470km (292 miles)¹.

CHARGING TIME

Conveniently charge at home or use rapid charging en route.

LOW COST OF OWNERSHIP

Low electricity and servicing costs provide an overall low cost of ownership.

BATTERY LIFE/DURABILITY

I-PACE's battery comes with an 8-year warranty².

¹The figures provided are as a result of official manufacturer's tests in accordance with EU legislation with a fully charged battery. For comparison purposes only. Real-world figures may differ. Energy consumption and range figures may vary according to factors such as driving styles, environmental conditions, load, wheel fitment, accessories fitted, actual route and battery condition. Range figures are based upon production vehicle over a standardised route. ²I-PACE's 90kWh battery warranty is limited to 8 years or 160,000km (100,000 miles) (whichever comes first). It is redeemable in the case of any manufacturing defect or should a certified Jaguar Retailer measure that the battery has dropped below a 70 percent State of Health.

YOUR I-PACE

EXTERIOR DESIGN

 BUILD YOUR OWN

Elegant and aerodynamic. The striking result of Jaguar DNA, FIA Formula E Racing technology and contemporary British design. Each aspect of I-PACE has been carefully considered, ensuring an optimal driving range and an electrifying aesthetic.

DESIGN

PERFORMANCE

TECHNOLOGY

PRACTICALITY
AND SAFETY

YOUR I-PACE

EXTERIOR DESIGN

The bold grille curves inwards, reducing drag by channelling air through the bonnet scoop and out, where it passes over the curved roofline for maximum efficiency. Deployable flush door handles ensure the airflow moves smoothly around the entire exterior. The swept-back and sleek headlight design emphasises the clean lines of I-PACE, highlighting the futuristic design language.

DESIGN

PERFORMANCE

TECHNOLOGY

PRACTICALITY
AND SAFETY

YOUR I-PACE

INTERIOR DESIGN

I-PACE reimagines the classic Jaguar balance of sports car focus and innovative architecture, allowing our designers to combine luxury craftsmanship with generous amounts of interior space and storage. The cab-forward design means the front seats are placed further forward. This creates more space between the front and rear seats, giving rear seat passengers added legroom. The absence of a conventional gearbox means there is storage within the 'floating' centre console - perfect for phones and keys.

DESIGN

TECHNOLOGY

PRACTICALITY
AND SAFETY

YOUR I-PACE

INTERIOR DESIGN

The I-PACE cabin offers an interior design to delight in, with surprising touches and details worked into your surroundings - such as the new Jaguar Heritage logo monogram on the rotary shift. Optional premium cabin lighting accentuates the vehicle's exquisite details. Jaguar continues to set the standard for luxury and craftsmanship with Windsor leather*, contrast twin-needle stitch detailing and a selection of finishers. Whatever combination of materials you choose, their modern feel will complement I-PACE's stylish, uncluttered environment.

*Optional feature.

YOUR I-PACE

ELECTRIC PERFORMANCE

 BUILD YOUR OWN

Thrilling power and dynamics. Zero tailpipe emissions. I-PACE is a Jaguar above all else - a true driver's car. The sophisticated, all-electric powertrain delivers the kind of high performance we are known for, opening a world of new driving opportunities.

RANGE AND CHARGING

I-PACE features a refined powertrain, Eco driving mode, and efficient aerodynamics for optimised range. Charging couldn't be easier. With an approved wall box installed at your home and the five-metre home charging cable, your I-PACE can be left to charge overnight, even in rain or snow. The Fixed Time and Selectable State charging features also allow you to set a time or battery percentage limit, allowing you to take advantage of off-peak rates. Not only is charging at home convenient, but the cost of electricity is also often less per kilometre compared to petrol and diesel. On the go, you can charge while shopping or en route to your destination. I-PACE's navigation system will show charging points along your journey.

YOUR I-PACE

ELECTRIFYING DRIVE

Two permanent magnet synchronous electric motors propel I-PACE with 400PS (294kW), while built-in All Wheel Drive traction offers sports car acceleration and all-surface, all-weather drivability. The 90kWh battery is covered by a comprehensive eight-year warranty*, with access to our established Jaguar Retailer network and highly-trained technicians.

*I-PACE's 90kWh battery warranty is limited to 8 years or 160,000km (100,000 miles) (whichever comes first). It is redeemable in the case of any manufacturing defect or should a certified Jaguar Retailer measure that the battery has dropped below a 70 percent State of Health.

DESIGN

PERFORMANCE

TECHNOLOGY

PRACTICALITY
AND SAFETY

YOUR I-PACE

EFFICIENT TECHNOLOGIES

I-PACE's highly efficient heat pump harvests heat from the outside air and electronic components of the vehicle. The warmth is transferred to the cabin via the heating and ventilation system, reducing the power demand from the battery while maximising range. To give the optimum balance between cooling and aerodynamics, Active Vanes open when cooling of the battery is required, but close when not needed to smooth airflow.

DESIGN

PERFORMANCE

TECHNOLOGY

PRACTICALITY
AND SAFETY

YOUR I-PACE

RESTORATIVE POWER

As soon as the driver lifts off the accelerator, the Enhanced Brake Regeneration system in the motors efficiently converts available kinetic energy to electricity to charge the battery. Driving in heavy traffic is also simpler - using the Touchscreen, you can raise the level of regenerative braking. The corresponding increase in deceleration means that, in stop and go traffic for example, there is far greater control of the car's speed using only the throttle.

DESIGN

PERFORMANCE

TECHNOLOGY

PRACTICALITY
AND SAFETY

YOUR I-PACE

EXHILARATING PERFORMANCE

Maximising sports car-like agility for added driver confidence, Torque Vectoring by Braking provides controlled independent braking on the individual inside front and rear wheels to add to the turning forces acting on the car. The sophisticated optional Active Air Suspension automatically lowers the car by 10mm when travelling at speeds in excess of 105km/h (65mph) over extended periods of time, when certain conditions are met. Reducing the space between the car and road improves aerodynamic performance and therefore optimises range.

 BUILD YOUR OWN

A FULLY CONNECTED JOURNEY

SIMPLICITY AS STANDARD

No more endless menus. No more fidgety commands. Pivi Pro, Jaguar's impressive and seamless in-car infotainment system, enables you to do 80 percent of your usual tasks with just one or two taps. All on the home screen. Engineered around a smartphone-like interface, it features an intuitive 10" Touchscreen that allows you to go right to what's needed, when you need it. Plus, you can now wirelessly connect your smartphone* and enjoy your favourite compatible apps.

*Compatible smartphones only. In car features should be used by drivers only when safe to do so. Drivers must ensure they are in full control of the vehicle at all times. Pivi and InControl features, options, third party services and their availability remain market dependent - check with your Jaguar Retailer for local market availability and full terms. Mobile network connectivity cannot be guaranteed in all locations. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected.

INFORMATION AT A GLANCE

With Pivi Pro you'll enjoy fast start-up and even greater connectivity. With two screens*, one 10" and one 5", your information is conveniently displayed and adjusted for your convenience. Add tiles to your screen to monitor energy consumption, check your driving score and see how you could improve your electric driving range, or discover charging points directly from the navigation tile. A 12,3" Interactive Driver Display shows a vast amount of driving information, so you can focus on the road ahead.

*Optional on S and SE models. In car features should be used by drivers only when safe to do so. Drivers must ensure they are in full control of the vehicle at all times. Pivi and InControl features, options, third party services and their availability remain market dependent - check with your Jaguar Retailer for local market availability and full terms. Mobile network connectivity cannot be guaranteed in all locations. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected.

ENTERTAINMENT FOR ALL

We know how important it is for you to stay connected. With Pivi Pro and Online Pack with Data Plan¹, you can enjoy your favourite music streamed from multiple services, including Spotify, TuneIn and Deezer, right through your I-PACE's speakers. As passengers, you can all take full advantage of the optional Wi-Fi Enabled with Data Plan², streaming entertainment with up to 20GB of data per month. Whether that's browsing your socials, playing online games, or immersing yourselves in a movie.

¹Fair use policy may apply. Standard 1 year subscription, which can be extended after the initial term advised by your Jaguar Retailer. ²Fair use policy applies. After 20GB of data is used within a month, data speeds and functionality on vehicle may reduce for the rest of the month. For details of the Fair Usage Policy associated with this feature, please refer to the InControl Pivi Pro Terms at jaguar.com/pivi-pro-terms. Playback time is dependent on streaming provider and the definition of the video content. HD video will significantly increase data usage. In car features should be used by drivers only when safe to do so. Drivers must ensure they are in full control of the vehicle at all times. Pivi and InControl features, options, third party services and their availability remain market dependent - check with your Jaguar Retailer for local market availability and full terms. Mobile network connectivity cannot be guaranteed in all locations. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected.

GO I-PACE

The GO I-PACE app shows you how Jaguar I-PACE would fit into your life. It provides facts and figures as if you were actually driving the car - including journey maps, projected battery range and usage, available charging points en route and your estimated cost savings.

JAGUAR ASSISTANCE AND EMERGENCY SUPPORT

With Jaguar Optimised Assistance, you can make a direct call to the Jaguar Assistance team should you break down. In a more serious incident, SOS Emergency Call automatically connects you to the emergency response team. They will notify the emergency services to your location.

FEEL THE MUSIC WITH MERIDIAN™

EXPLORE MERIDIAN™

Meridian's™ approach to in-car audio is all about managing the sound stage; intensifying the levels of depth, clarity and realism of the music, by using a combination of advanced acoustic technology and strategically positioned speakers. Wherever you sit in the car, you'll get the same concert-quality sound. Each strike of the piano, every guitar pick, horn blast, chorus and melody reveals itself with precision and texture, just as the artist intended. It's intimate, dramatic and atmospheric - whether you're enjoying the twists and turns of an open road or stuck in rush-hour traffic.

8 SPEAKERS 140W AMPLIFIER POWER

1. SOUND SYSTEM

Gives new levels of realism to your favourite music with a combination of speakers, 4-channel amplifier, Audio Equalisation and Dynamic Volume Control.

11 SPEAKERS 1 SUBWOOFER 400W AMPLIFIER POWER

2. MERIDIAN™ SOUND SYSTEM¹

Brings detail and clarity to everyone in the car with strategically arranged speakers and a dual-channel subwoofer to deliver a full, sophisticated sound.

16 SPEAKERS 1 SUBWOOFER 750W AMPLIFIER POWER

3. MERIDIAN™ 3D SURROUND SOUND SYSTEM^{1,2}

Enjoy an engaging, authentic concert hall experience as you're enveloped in the fullness and clarity of side, front and rear speakers, seamlessly integrated using Trifield™ technology.

¹Optional feature. ²Standard on HSE models. Meridian™ is a registered trademark of Meridian™ Audio Ltd. Trifield™ and the three fields device is a trademark of Trifield™ Productions Ltd. Visuals aim to represent the perceived placement of the musicians based on an occupant seated on the right side of the vehicle.

SPACIOUS AND PRACTICAL DESIGN

The I-PACE interior was designed for spacious serenity. This translates to many practical storage solutions, hidden throughout the cabin. From the glove box with 7,7L of storage capacity, to the centre cubby which offers flexible use of the 10,5L space and the rear seat storage that can fit anything from headphones to umbrellas. In the boot of the car, you will find 89L of underfloor storage and a 656L* luggage compartment.

YOUR I-PACE

SMART SAFETY SYSTEMS

Designed for optimum safety, I-PACE utilises a combination of aluminium and steel to form a safety cell - a rigid cage - around the occupants as well as the battery. The system is complemented with a comprehensive system of airbags and restraints to keep passengers safe. An advanced front bumper sensor will, in the event of a collision, discriminate between a pedestrian and other objects. The sensor then activates the deployable Pedestrian Protection System and provides a zone to cushion the impact.

IMPORTANT NOTICE: We are living through exceptional times. Due to the Covid pandemic we have been prevented or delayed in the creation of new images of current model years. Now the global impact of micro-chip shortages is further affecting build specifications, options and launch timings. Until this unique event settles, please note that many images cannot be updated to 23 model year specifications. Features, options, trim and colour schemes will differ from many images. Customers are urged to consult your local Retailer for detailed 23 model year specifications and do not base an order on marketing imagery and specification alone. Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles, parts and accessories and alterations take place continually, and we reserve the right to change without notice. **COLOURS:** Image colours reproduced here are provided for illustrative purposes only. Colours reproduced on-screen may therefore vary compared to the actual finish. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Jaguar Retailer. Distributors and retailers are not agents of Jaguar Land Rover Limited and have absolutely no authority to bind Jaguar Land Rover Limited to any express or implied undertaking or representation. **ENVIRONMENTAL INNOVATION AT JAGUAR:** Jaguar is committed to reducing dependency on fossil fuels, using fewer natural resources and creating less waste as part of our approach to responsible and sustainable business development. Search 'Jaguar Environmental Innovation' for more details.
